

# **CHES 2014 CONFERENCE WEBCAST**

## 1130 BC / 1230 AB & SK\* / 1330 MB / 1430 ON & QC / 1530 NB, NS, PE / 1600 NL 1 hour in length

### Date: Tuesday September 30, 2014

#### Webcast Title: Lessons Learned

#### Panelists:

**Craig Doerksen,** Divisional Director, Health Sciences Centre, Winnipeg, MB **Roger Holliss,** Director of Engineering and Biomedical Services, St. Mary's General Hospital, Kitchener, ON **JJ Knott**, Director, Plant Operations, Norfolk General Hospital, Simcoe,, ON **Mitch Weimer,** Director, Plant Services & Operations, Fraser Health Authority, New Westminster, BC

The closing event of the CHES 2014 National Conference will be a dynamic, interactive, informative and fun panel discussion summarizing the key lessons learned from CHES 2014. This is your chance to hear our experts' perspective, and to discuss the practical implementation, of key ideas presented at this year's conference with recognized leaders in our field from across the country. Take part in this panel discussion through webcast, to take away a "to do" list such that you can start to implement the many ideas you will discover from the conference. This session will ensure that all participants can make plans to transform the information presented in Saint John NB into positive action that will enhance the patient experience in your own building.
