

## James Prince Statement

I have been a member of CHES since the era of the Hospital Engineers Association of Alberta (HEAA) and attended my first HEAA/CHES Alberta Conference and Tradeshow in October 2009 at the Red Deer Lodge. I have remained active within the Society recognizing the value of collaboration, shared knowledge, and professional development within the healthcare engineering community.

In 2017, I joined the CHES Alberta Chapter Executive as Treasurer, and in 2021 assumed the role of Chapter Vice-Chair. Through these roles, I have developed a strong understanding of CHES governance, Chapter operations, and financial stewardship.

As Treasurer for CHES, I am committed to responsible financial management, transparency, and supporting the long-term sustainability of the Society while ensuring continued value for its members nationwide.
